About Us
Who We Are

Global Expo Stand B.V. is focus on creating and constructing exhibition stands for businesses participating in trade shows, conferences, expos, and other events. We aim to help companies showcase their products, services, and brand in a visually appealing and effective manner.

Our team has rich experience in creating stands for different industries with great quality and ability to meet client expectations.

Why Choose **GES?**

Global Local Events

And

Tradeshow Professionals

A Global Network

We started building a global network of trusted stand construction partners. Now you do not have to anymore. New tradeshow location? Come to us for a trusted stand builder located close to your expo location.

No Unnecessary Transport

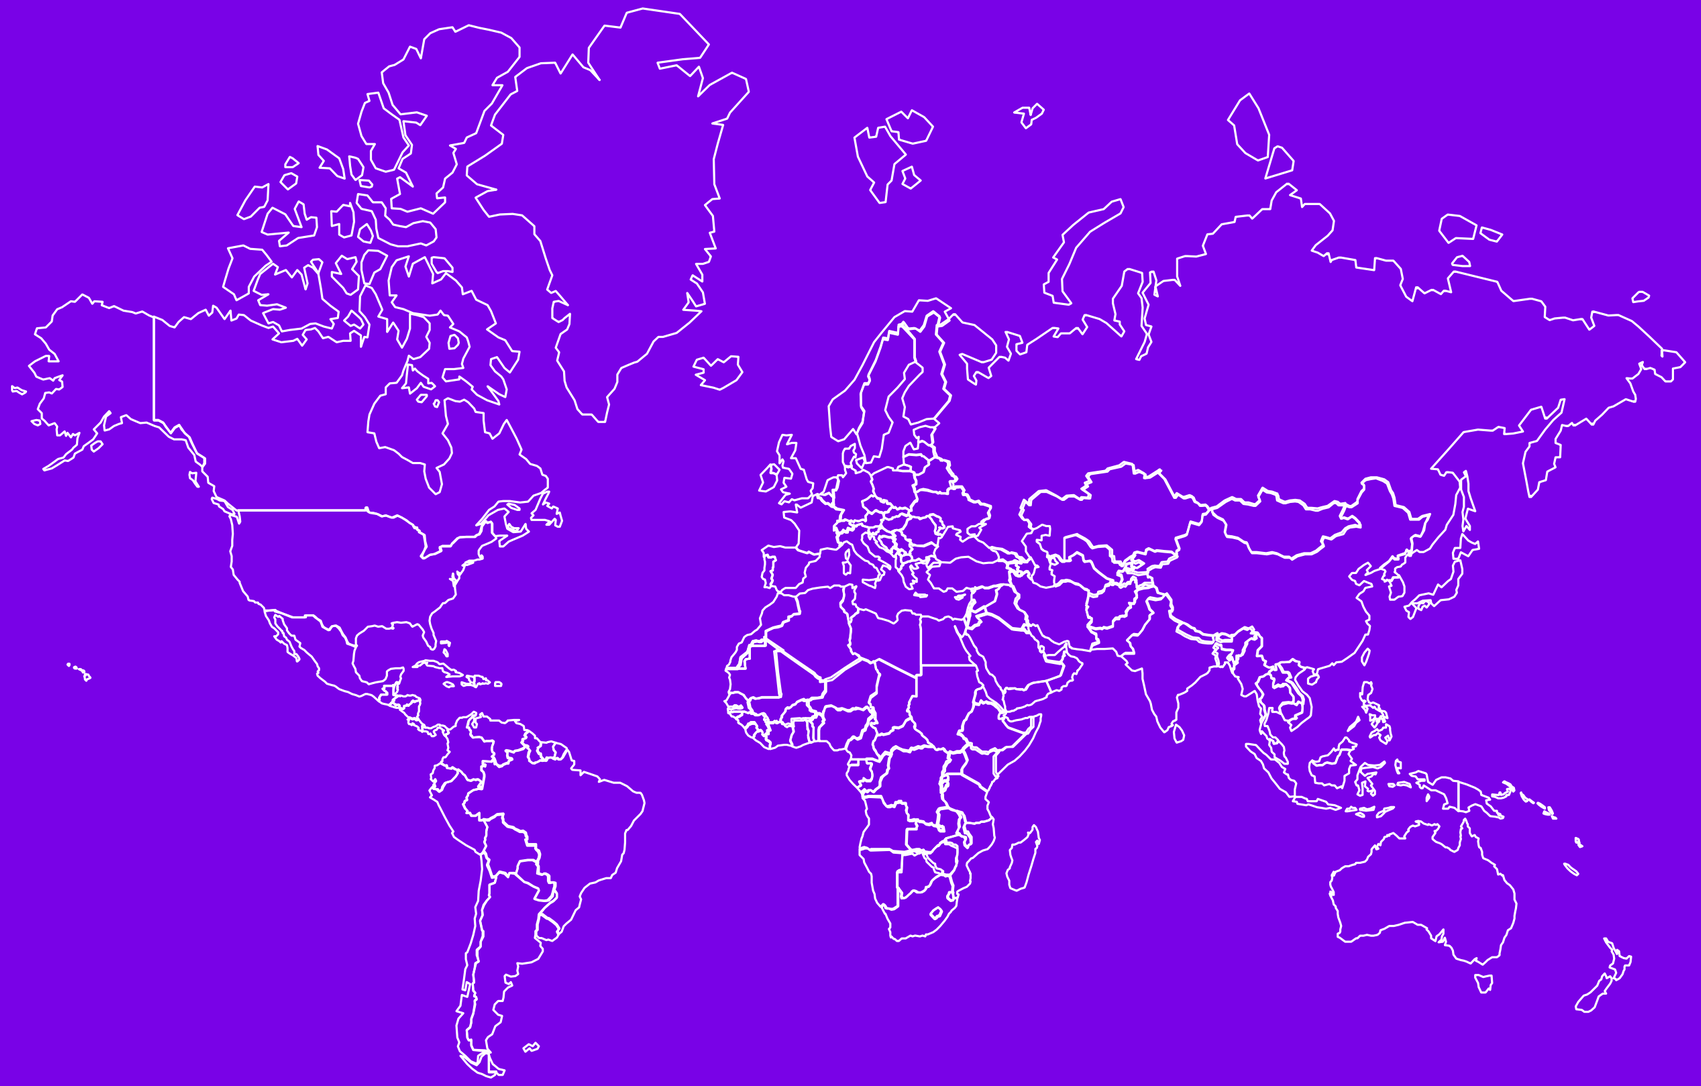

Constructing with your trusted stand constructor at exhibitions abroad can be a reassuring thought. Yes, you pay extra for transport and travel cost, but at least you know the job gets done professionally.

The Hybrid Era

Constructing with your trusted stand constructor at exhibitions abroad can be a reassuring thought. Yes, you pay extra for transport and travel cost, but at least you know the job gets done professionally.

Global **Network**

We work with only trusted partners and are confident to build events across the world.
